

MRS. BRITTANY CRAWFORD

# MEET YOUR TEACHER

---

## MY EDUCATION

I graduated with a Bachelors degree in geology from Hanover College. I completed my post graduate Masters at the University of Kentucky.

---

## CLASS NOTES

1.) This class is HANDS ON!! We will doing labs quite a bit throughout the year. I think we learn best this way.

2.) We will be submitting assignments in Canvas and working on labs and activities in the classroom. Make sure that you let me know whenever you need HELP. That's why I am here!!

3.) In my class we will be learning the basics of physics. We will also be incorporating earth and space science concepts that apply.

4) This class does have a lot of math in it BUT it is only Algebra. We apply the Algebra that you have learned or are learning.

---

## A LITTLE BIT ABOUT ME

Hello! It's Mrs. Crawford and I will be your Intro to Physics teacher this year. I'm originally from Louisville and, yes, grew up in a Cardinals family. I was a hydrogeologist for 2.5 years before becoming a teacher. I student taught at TCHS and this is my 21st year of teaching.

My husband, Matt, is a geologist (doctorate in landslides) with UK. I have one son, Henry, who is in 9th grade at Henry Clay. I have a dog, Nugget, and a cat, Tom Jr. We love going hiking, travelling, watching Henry's soccer teams play. And during quarantine I became quite the cookie baker if I do say so myself :)

---

## A FEW OF MY FAVORITE THINGS

### MOVIE

Raising Arizona  
Fargo

### SONG

So many to name!  
I do love all types of music (except country)  
I also LOVE to dance – I mean I used to perform during pep rallies ;)

### FOOD

I LOVE Dips! For instance I'm pretty much only buying Canes for the sauce.

### TV SHOW

True Crime Shows  
Parks & Rec  
The Office  
Stranger Things
